NVIDIA Corporate Contributor License Agreement (CCLA)

In order to clarify the intellectual property license granted with Contributions from any person or entity, NVIDIA must have a Contributor License Agreement on file that has been signed by each Contributor, indicating agreement to the license terms below. This license is for your protection as a Contributor as well as the protection of NVIDIA and its users; it does not change your rights to use your own Contributions for any other purpose.

This version of the Agreement allows an entity (the "Corporation") to submit Contributions to NVIDIA, to authorize Contributions submitted by its designated employees to NVIDIA, and to grant copyright and patent licenses thereto.

If you have not already done so, please complete and sign, then scan and email a pdf file of this Agreement to `torch-dgx-cla.nvidia.com`.

Please read this document carefully before signing and keep a copy for your records.
